

THE SECRETARY OF EDUCATION
WASHINGTON, DC 20202

MAY 14 2004

SENT BY FACSIMILE TRANSMISSION

Mr. Andrés Reyes Rodriguez
Presidente, SEESCYT
Ave. Enrique Jiménez Moya esq. Juan de Dios Ventura Simó
5to. Piso, Centro de los Héroes
Santo Domingo, República Dominicana

Dear Mr. Reyes:

On March 8-9, 2004, the National Committee on Foreign Medical Education and Accreditation (NCFMEA) met in Washington, D.C., to review materials from 13 countries, including the information and documents submitted by your office describing the accreditation standards and processes used by the Consejo Nacional de Educación Superior, Ciencia y Tecnología (SEESCYT) to evaluate and accredit medical schools in the Dominican Republic. The NCFMEA members wish to thank all of the officials from the Dominican Republic who attended the meeting, and the members especially appreciate the testimony that Mr. Emilio Huyke and you provided, which was most helpful to the members in their understanding of your accreditation system.

At the meeting the NCFMEA, based on the information and materials submitted and the testimony presented, reaffirmed its prior determination that the standards and processes used by the SEESCYT to accredit medical schools in the Dominican Republic are comparable to those used to accredit medical schools in the United States (U.S.). This determination of comparability by the NCFMEA has a maximum duration of six years from the date of this letter, unless the Committee withdraws, extends or renews its determination prior to that date. Before expiration of the six-year period, the NCFMEA will seek to confirm that your standards and processes for accrediting medical schools in the Dominican Republic are still comparable to the accreditation standards applied to medical schools in the United States. If so, its previous determination of comparability will be extended for another period.

As a result of the determination of continued comparability by the NCFMEA, any medical school in the Dominican Republic that is accredited by the SEESCYT may apply to the U.S. Department of Education to participate in the Federal Family Education Loan (FFEL) program.

If a medical school's application is approved, students enrolled in the school who are either U.S. citizens or permanent residents of the U.S. may receive FFEL loans to finance their medical education if they meet all other eligibility requirements. Medical schools that wish to participate in the FFEL program may obtain the proper application forms from the Foreign Schools Team by calling (202) 377-3168 or by writing to the following address:

Foreign Schools Team
FSA/Schools Channel/CMO
U.S. Department of Education
Room 73C3
830 First St., N.E.
Washington, DC 20202-5340
USA

Please note that it is not necessary for any medical schools in the Dominican Republic that currently participate in the FFEL program to contact the Foreign Schools Team at this time; the status of those participating schools remains unchanged by the NCFMEA's decision of continued comparability.

At the meeting, the NCFMEA also requested that the Dominican Republic provide a report on its accreditation activities involving its medical school(s) for review at the March 2006 NCFMEA meeting, and the members requested that the report include information on several issues that were identified in the staff analysis. Please see the enclosure for details on the information to be provided in the report.

We would appreciate receiving the requested report by December 1, 2005, so we have sufficient time to review the information prior to the March 2006 NCFMEA meeting. Please send the information to the U.S. Department of Education at the address below.

Mr. John Barth
Director, Accreditation and State Liaison Staff
U.S. Department of Education
1990 K Street, N.W. – Room 7105
Washington, DC 20006-8509
USA

If you have any questions regarding the information requested, please feel free to contact Mr. Barth at (202) 219-7011 (telephone), (202) 219-7005 (fax), or john.barth@ed.gov (e-mail).

The Executive Director of the NCFMEA, Bonnie LeBold, will contact you in the autumn of 2005 to provide information regarding the March 2006 NCFMEA meeting. In the interim, if you have any questions, please do not hesitate to contact Ms. LeBold at (202) 219-7009 (telephone), (202) 219-7008 (fax), or bonnie.lebold@ed.gov (e-mail).

Page 3 - Mr. Andrés Reyes Rodriguez

Thank you very much for providing information regarding your country's accreditation of its medical schools. The NCFMEA members and the U.S. Department of Education appreciate your ongoing assistance in this matter.

Sincerely,

Rod Paige

Enclosures

cc: Mr. Emilio Huyke
Consultant to SEESCYT

**Report Requested from Dominican Republic and the
Consejo Nacional de Educación Superior, Ciencia y Tecnología (SEESCYT)
by the National Committee on Foreign Medical Education
and Accreditation (NCFMEA)**

Content: The NCFMEA is requesting information (and any applicable supporting documents) regarding the following:

- ***Areas of concern identified in the Department staff report on the Dominican Republic prepared for the March 2004 NCFMEA meeting:*** The attached staff analysis identifies areas where additional information is needed. Please provide a status report on these areas, including:
 - Any standards that SEESCYT has established requiring medical schools to involve faculty in decisions related to admissions and in decisions pertaining to the hiring, retention, and discipline of faculty.
 - Any standards or procedures that SEESCYT has established to assess medical programs with respect to graduation rates, rates of acceptance into residency programs, and licensure rates.
 - Any standards or procedures that SEESCYT has implemented to minimize student exposure to infectious diseases.
- ***Current status of medical schools:*** A list of the medical schools currently operating in the Dominican Republic, indicating whether each school has gone through the accreditation process and what the outcome of that accreditation process has been (whether the school is fully accredited or provisionally accredited, whether accreditation has been terminated, etc.).
- ***Overview of accreditation activities:*** A summary of key activities involving medical schools in the Dominican Republic during 2004 and 2005, such as accreditation reviews conducted, meetings held and accreditation decisions reached, and accreditation conferences or training sessions held.
- ***Laws and regulations:*** Any changes in your country's laws or regulations during 2004 and 2005 affecting the accreditation of medical school(s) in the Dominican Republic.
- ***Standards:*** An indication as to whether there have been any changes during 2004 and 2005 in the accreditation standards that the SEESCYT uses to evaluate and accredit medical schools, and, if so, what those changes were in the areas listed below:

- administration,
 - faculty,
 - curriculum,
 - admissions procedures,
 - student services,
 - methods for evaluating student achievement, and
 - facilities.
- ***Processes and procedures:*** An indication as to whether there have been any changes during 2004 and 2005 in the accreditation processes or procedures used by the SEESCYT for the following:
 - conducting reviews of medical school campuses and clinical clerkship sites,
 - selecting and training individuals who conduct site evaluations or who make accreditation decisions,
 - periodically reevaluating and regularly monitoring medical schools,
 - reviewing substantive changes reported by medical schools,
 - ensuring the SEESCYT has effective controls against the conflicts of interest and the inconsistent application of accreditation standards, and
 - ensuring that accreditation decisions are based, in part, on the evaluation of student performance after graduation from medical school.
 - ***Schedule of upcoming accreditation activities:*** A listing of upcoming accreditation meetings and on-site visits to medical schools and clinical clerkship sites planned for 2006.
